OLD BUSINESS

PRESIDENT SCHULMAN: We now turn to Old Business. We have no Old Business.

PUBLIC SPEAKS

PRESIDENT SCHULMAN: We are now under Public Speaks. We have one speaker tonight, and that’s...

PETE DIGIACOMO: Calm down! (Laughter)

PRESIDENT SCHULMAN: Pete DiGiacomo. Mr. DiGiacomo, welcome as always. Please step forward and give us your name and your residence.

PETE DIGIACOMO: My name is Pete DiGiacomo. I live at 600 Dent Place SW, Canton, Ohio. I read in the paper, Sunday’s paper, about what one of the concept plans, I believe, is for downtown Canton. Um, I have a few questions, which I know you’re not going to answer ‘em tonight and I don’t expect you to. The way it’s said was that there’s a few committees that are working on this. I was just wondering how many committees, who are they? Of the committees, how many people that are on the committees are just average citizens, like myself, as opposed to government agencies, things like that? I was listening to the presentation, which was very nice, tonight. Uh, I do agree that some of the things are very good for the city of Canton. Other things...eleven, what’d they say...eleven million dollars, could be? Something like that? Oh, I’m sorry, just...it’s just nine million. Yeah, we don’t, you know, I only got thirty bucks in my pocket, I’d help out but it’s not going to hurt, you know, help that much. They brought up about how they could have a big screen tv. Apparently they have not been in Lucca’s, uh...Canton Brewing, the other places. They all have big screens and you can watch football there. So, you could save some money there. Uh, they want to talk about a restaurant. There’s at least eight to nine restaurants within very good walking distance, that you could do the exact same thing and support the restaurants that have been here day and night, all week long, all that good stuff, as opposed to somebody that just...you know, they’re only going to be open...I’m not meaning the coney man because the coney man’s good; but the other thing is...I think...I...they’re going to lose some parking places? Back on Court Avenue, you have Court Avenue and then there’s another area where you, the different agencies have their parking for their employees. From looking at that, I don’t think the two are going to work together, if you go down and look at it. A hundred and seventy foot sprinkler, hundred and seventy-five foot sprinklers, I guess that what it’s going to be. So that means that you cannot sit under it unless you’re like, eight years old. Or go beyond...you don’t want to go up beyond it, anything like that. There’s some things that are very good. There’s some things that, if...you know, if I was a millionaire or something like that, let’s go for it, you know. Spend money, who cares? The city needs all their money that they can grab a hold of and get a hold of. Will this bring people downtown? I don’t think so. Because people do not want to come
MINUTES OF THE MEETING JANUARY 9, 2017

downtown Canton because Canton has the image, and I’m serious, damn serious about this, it’s unsafe, it’s not...you shouldn’t be down in Canton at night. And uh, that’s all...

PRESIDENT SCHULMAN: Thank you very much...

PETE DIGIACOMO: For now...for now.

PRESIDENT SCHULMAN: Thank you.  (Applause).

NO REMARKS RESOLUTION #2 PASSED UNANIMOUSLY BY VOICE VOTE
MINUTES OF THE MEETING JANUARY 9, 2017

PRESIDENT SCHULMAN: The ayes have it, the motion carries. Leader.

MEMBER MORRIS: Uh...pardon me? Oh, yeah, could you have that read please?

PRESIDENT SCHULMAN: Yes.

ADMIN. ASST. WENSEL: Whereas, Canton City Councilman David Dougherty is a lifelong resident of Canton, Ohio with four children and four grandchildren; and Whereas, Councilman Dougherty graduated from Timken High School in 1978, attended Kent State University, was in the United States Army, and graduated from the Army Police Military Academy; and Whereas, Councilman Dougherty returned to Canton and was employed by Aultman Hospital for 34 years as Director of Security and Valet Parking Services, and in 2009 won the Campus Safety Director of the Year Award; and Whereas, Canton Ward 6 Councilman Dougherty was first elected to Canton City Council in 1990 and served until January 1, 2017. He served as Public Property Capital Improvement Chairman for most of his tenure. He was elected by his peers as Majority Leader for several terms and was instrumental in the renovation of City Hall and the City Council office. Councilman Dougherty was unanimously elected as Clerk of Canton City Council; and Whereas, Councilman Dougherty has many accomplishments including, but not limited to, establishing and continuing the Annual Feed The Needy Program for over 20 years, renovation of Mahoning Road Plaza, Mahoning Road Corridor Project, millions in draining projects, and six miles of new sidewalks in Ward 6. As a Board Member, he helped to establish and continue the First Tee Golf Program. Councilman Dougherty completed renovation improvements at Rearick and Harmont Parks and co-authored legislation to begin the first Community Policing Project in Canton, Ohio, which included walking beats and bicycle patrols; and Now Therefore Be It Resolved: that we, the Members of Canton City Council, do hereby go on record thanking Councilman David R. Dougherty for his 27 years of public service as a Canton City Councilman and honoring him for his many achievements for the citizens of Ward 6.

PRESIDENT SCHULMAN: Leader.

MEMBER MORRIS: Uh, now David, you cannot hide behind there, you have to go to the podium and prepare to be roasted. (Laughter).

PRESIDENT SCHULMAN: Member Smuckler. (Laughter).

MEMBER MORRIS: Be nice Bill. We actually picked the “other” old guy to give it.

MEMBER SMUCKLER: I didn’t bring my glasses. I don’t need glasses for this. I often have said that my last Council meeting at City Hall, I’m going to pass an ordinance that says, “Doing away with unneeded property”, which will be Canton City Hall, and you guys will pass it and you proved it tonight by what you just passed. Giving this guy an award. Aultman Hospital Director of Security...a week someone was dead in that building, in the parking lot, noone found ‘em. Am I lying? (Laughter). A week.

UNKNOWN VOICE: Be nice.

MEMBER SMUCKLER: How many calls did you all receive from middle management when we appointed
MINUTES OF THE MEETING JANUARY 9, 2017

this guy Clerk of Council?  *(Inaudible, Laughter).*  Oh, they understood!  And this may get a little emotional now, because since 1990, Dave Dougherty has been a friend to all of us.  Some of you have had the pleasure of golfing with him, some of you have had the pleasure of being at your businesses when he’s stopped by to talk.  Some of you have had the pleasure, as I have, to watch his family grow up.  Some of you have had the pleasure of traveling with him to national league cities and know how much he cares about this community.  But I’ve said this time and time again, and I’ve watched many council people come and go and I still will repeat this...there is no better ward councilman than has ever hit this chamber than David Dougherty.  *(Applause).*  Because not only does he yell and scream, not only does he push you, I mean, did you folks listen to those achievements, he had a plan for Ward 6 and there’s plenty of times my phone rang...Bill, I need your help, Bill, I need your help.  And I can tell you, as Majority Leader, as a Ward Councilman, as a Councilman-At-Large, I did everything I could to help Dave with each and everyone of these projects, and so did all of you in this room.  And that’s why I continue, and I will ever continue to say, including myself, no better ward councilman and no better friend.  Thanks Dave.  *(Applause).*

CLERK DOUGHERTY: Twenty-seven years is a long time.  Been through five Mayors and their administrations, a lot of people, a lot of changes.  I served with uh...Mike Gamble, Herm Rossetti, Peel Coleman, of course, and Charles Ede, Art Cirelli.  That takes you back pretty far.  I did have a plan and tried to get it put into place.  Always told myself, leave this place better than you found it, Dave.  That’s what you got to do.  But, I’d like to introduce my kids.  Mike and Sarah, and Jenny; my granddaughter Delaney  *(Applause).*  I’d be careful what you’re going to say about me with my police officer son in the back.  And he’s allowed to get past security with a weapon.  How old were you when I became Councilman?  Two years old.  *(Laughter).*  Oh my goodness.  I remember when I first ran, and Mayor Purses wanted me to run.  He wanted to get a Democrat back in Ward 6.  I said, “What’ll I do?  I don’t know what I’m doing.”  He said, “Go knock on every door, twice.”  I said, “Okay”, and off I went.  He said, “You won’t need no money, we’ll raise the money, we’ll do the mailers, you go knock on everybody’s door twice.”  So I got my walking list and I went and knocked on everybody’s door twice.  So, I came back, and my dad was working for the Mayor at the time.  I said, “I’m done.”  He said, “What do you mean, you’re done?”  “I’m done, I knocked on everybody’s door twice.”  He said, “You’ve got to be kidding me.  No one does that.  We were hoping you’d just knock once and get through the Ward.”  Well, I knocked on every door twice because that’s what I was told to do at the time.  And then I got an idea...I got an idea they...I was knocking on doors and they said, “You know, we ain’t had a great Councilman here since Healy was here.”  I said, “Well, he’s down at the State now.”  “I know, but we...I said, “Oh, okay.”  So, I called him up and said, “Can you do me a favor, can you write your old constituents and tell them what a great guy I am”?  And he did.  So that was big help too.  My point is...no one person, you know, solves all the problems, gets everything done, but it’s people working together towards a common goal that make a difference at the end of the day.  And that’s what you have to do.  Now, I was pretty adamant about how I did it.  And, some people in the city didn’t like me and don’t like me, but I’m fighting for my constituents at the end of the day.  I’m not doing nothing for Dave Dougherty.  My viewpoint was, you shouldn’t even have to call me, the problem should get taken care of, and when it doesn’t, now I have to get involved and then so, I have to get it done because I got to get if off my plate, because I’ve got the next problem over here.  So...it was difficult.  I want to thank my family because it was difficult for them.  And uh, I always tried to get to the games.  If you put on paper what I had to accomplish in a day, you would say that’s crazy and now one could do it, but you can go to a game for several innings and then go to the next one.  They all...they were all playing at the same time.  So, I had four in sports and two of them went on to college and played sports.  First Doughertys ever to play in college on a sports team...in college, so I’m pretty proud of that.  So, put them all through college and they’re all working.  *(Laughter).*  Nobody’s home and they’re all working, so that’s great stuff.  I’ve got four great-grandkids and life’s good.  I want to thank all of
MINUTES OF THE MEETING JANUARY 9, 2017

you for your support. It means a lot to me. And uh, I’m going to do good for you. Thanks a lot. (Applause).

PRESIDENT SCHULMAN: Alright, time to get to work here. (Inaudible).

MEMBER SMITH: Second.

PRESIDENT SCHULMAN: It’s been moved and seconded that you adopt Ordinance #18. Any remarks? Law Director.

LAW DIRECTOR MARTUCCIO: Thank you. Mr. President, Members of Council. To explain what happens mechanically...this is the Ordinance that renews an operating assessment for the Special Improvement District. The President, Mr. Mike Gill, is here this evening as he was two weeks ago when he interrupted some activities with his grandchildren, to come and explain this Ordinance to Council. About thirty years ago, the merchants in downtown Canton did something brave, they decided to tax themselves to renovate the Special Improvement District and to improvement upon it. There was...the initial one was three years, there’s been several for four years, this asks you for a five year renewal. Once you pass it, the copy of the petition and the other documents that were left with Council and the Mayor, will be appended to this and sent back to the Special Improvement District whereupon they will take the next step in getting the assessment and that will come back to Council, for it’s final approval. That’s a summary, I believe, Mr. Gill...accurate? If there’s any...if there are any other questions, he’s agreed to graciously remain and answer any questions that you may have. Before you vote on this, again, have material appended, goes back to SID, and then comes back to us ultimately, for a final vote. Thank you.

PRESIDENT SCHULMAN: Thank you. Any questions? Hearing none, Mr. Clerk, roll call vote, please.

MISCELLANEOUS BUSINESS

LAW DIRECTOR MARTUCCIO: Thank you. Clerk Dougherty, former Member Dougherty, nice inaugural run tonight. Well done. Thank you for your previous service, we look forward to working with you. Thank you.

PRESIDENT SCHULMAN: Thank you. Any other...

SERVICE DIRECTOR BARTOS: Mr, Mr. President.

PRESIDENT SCHULMAN: Yes.

SERVICE DIRECTOR BARTOS: Just real quickly, I wanted to share this with everyone. We don’t get these very often. Usually we get the complaints, but I was very proud to see this...this is a letter to Superintendent Rorar of the Street Department, and I’ll just read it to you real quickly. A very short letter, but...dated 12/31/16. Dear Mr. Rorar, this is a letter of commendation for one of your employees, David Ballard. On the early morning of Sunday November 20, 2016, I was involved in a single car accident on the exit ramp of 77S to 30W. I lost control of my Honda Pilot on the icy bridge and hit the concrete embankment and unfortunately my vehicle flipped on the driver’s side. Thankfully, I walked away relatively unscathed. Also thankfully, David Ballard was out salting the roads in his City of Canton truck, and was the next vehicle to reach the scene, within a couple of minutes. He asked me if I was alright, called the appropriate help, police, tow truck, backed his truck behind my vehicle to help prevent another accident, and had me wait in his warm truck cabin until the police arrived. I was very grateful and appreciative that David happened to be there to help, and I think that he went well above and beyond his duty, serving the City of Canton and one of its citizens very well. Thankfully and sincerely, David N. Linz or Lindsey, I’m sorry I don’t know the pronunciation, M.D. And it’s the University of Hospital...University Hospitals Parma Medical Center, they’re General Surgery Associates. So, I just wanted to recognize Mr. Ballard for a job well done and definitely (Inaudible, Applause).

PRESIDENT SCHULMAN: That’s really nice to hear too, considering all the criticism coming from some quarters about Municipal workers and um...undeserved, no question about it. But this is very deserved. Thank you for bringing that to our attention. Any other remarks? Yes, Law Director.

LAW DIRECTOR MARTUCCIO: Thank you, Mr. President. One other thing, for the Members of Council, the five children ordinances of the mother, TDD, have come down. Now that Canton has created the TDD, with the Hall of Fame Village, there are five ordinances that had their first readings tonight. Three of them generate revenue. One of them is a sales tax for two percent; another one is a...is a transient lodging tax for three percent, for the three percent tax on any hotels built within the Hall of Fame Village; and the other is a five percent admissions tax on admissions for most things, although there are some exemptions that are in the ordinance. The fourth ordinance is an ordinance...a resolution, rather, a resolution expressing this Council’s attempt to ask the County and the SARTA to share some of the TIF money for those projects. If it is passed, it will proceed to the County and to SARTA for their deliberation and their discretionary consideration and vote. The fifth and final ordinance of the five is a kind of a master auditing ordinance that sets up a master account for receipts of those funds. All of them have a sunset provision in them tied to the sunset provision in the original TDD Ordinance, or the mother ordinance, saying that if the operating and maintenance agreement and the development agreement are not signed by the end of the year, then the TDD comes to an end, as do these ordinances which are tied to it. So, again, there are automatic...automatic expirations that are tied to the sunset
provision of the originating and *(Inaudible)* legislation which I refer to as the “Mother” TDD. So, you’re welcome to peruse those in the next two weeks. If you have any questions, please email them to me. I’ll do my best to either answer them or invite people to come and answer them for you, such as perhaps the persons working the financing end of those, or perhaps the attorney for the HOV, Hall of Fame Village, and anyone else you might deem appropriate. Unless you want to me to give you a heads up that they’re here, I can certainly take the time to explain them and if I can’t, get the procreate...appropriate people here to do so. And you’ll have your committee meetings on those in two weeks. Thank you.

PRESIDENT SCHULMAN: And I’d just like to kind of follow up on that with the Law Director. I want to thank the Law Director and his staff for the work that they’ve done. They’ve done yeomen’s work of getting this set up and arranged and it’s been extraordinarily *(Inaudible)*. They deserve a lot of credit for their time and the effort and the brainpower that they’ve used, as well of course, as the Mayor and the Administration. They’ve all done a...just a remarkably, incredible job. So, we’re very appreciative. Any other remarks? My friend.

MEMBER MORRIS: Before I move to adjourn, I would really like to chime in on a few things that Bill had made comments about Dave. Uh, I don’t know if anybody walked into the Council Office today, but you actually will notice that in the Clerk’s office, there is actually a desk...okay. There’s a wood surface, it’s clean, it’s not cluttered. First time in five years I’ve ever seen the top of that desk. Some of you, I’m sure, it’s been a lot longer. So far, it’s been a pleasure with David in the office. I’m really excited about new Council Members coming on because, as Bill said, he is by far the example. The best Council Member, I think, this chamber has ever seen, may ever see. And in my own mother’s words, I am her second favorite Councilman, Dave Dougherty’s first. So, on that, I will move to adjourn.

MEMBER SMITH: Second.

PRESIDENT SCHULMAN: It’s been moved to adjourn. Roll call vote, please.
