CANTON PARKS AND RECREATION

CANTON PARKS MASTER PLAN

The City of Canton Park Commission recognizes the value parks, recreational opportunities, and open spaces provide for the physical, social, and environmental well-being of the City of Canton and its residents. In order to sustain the quality of the city's parks and continue to facilitate the public and their recreational needs, the Canton Park Commission has developed a 2015 Parks Master Plan. The plan outlines the future of Canton's 60 plus parks and open spaces and defines objectives to improve aesthetic and economic value, open space, and necessary enhancements to sustain the parks for future needs.

Your attendance is requested at a public meeting on June 23, 2015 at 6:00 PM in the Canton City Council Chambers. Results of the Master Plan will be presented along with the next steps for the thriving future of Canton's Park System.

Please mark your calendar to attend this final public meeting for the 2015 Canton Parks Master Plan. The meeting will begin promptly at 6:00 PM.
