EXHIBIT A
SPECIFICATIONS FOR LIGHT TOWING

Contract Overview

1. The City of Canton shall utilize Private Towing Agencies for the removal and impounding of motor vehicles pursuant to the Canton City Code and/or Ohio Revised Code and the agency hereby shall provide towing services to the City of Canton for the foregoing purposes, in accordance with these specifications.
2. The City shall utilize Agency for the towing requirements set forth in Paragraph 1 upon an equal rotating and non-preferential basis with all other Agencies which qualify under the criteria established in these specifications and as may be set forth by the Director of Public Safety. Agencies which qualify for light towing (cars, vans, motorcycles and trucks - 3/4 ton or less) and/or heavy duty towing (trucks one ton or more) shall be maintained on separate lists by the City of Canton for light or heavy duty towing services, as the situation may require, upon a rotating basis, by an authorized employee of the City of Canton's Police Department and/or Communications Center.

Please be advised that the agency called is the only company permitted to perform the work and receive payment for same. Therefore, for example, if black acre towing is called for an impound and black acre sends someone else, for whatever reason, both black acre and the company that responded will lose their next-up turn in the rotation and can be suspended for up to thirty (30) days.

3. If an owner/driver requests the City of Canton's assistance with finding a tow, the City of Canton will call for Next Up owner's request. CanCom will then call the next towing company on rotation and document it as an owner's request.

Payment will be billed and obtained from the private owner of the vehicle at the City of Canton's negotiated rate for the tow and the City of Canton's storage rate. The Agency agrees that the City of Canton shall have no liability for payment for these services.

If the vehicle is towed to the Agency's storage facility, the private owner of the vehicle will be responsible for paying the storage fee for that company.

4. The Agency shall expeditiously respond with adequate equipment to any call for towing services received from an authorized employee of the City of Canton's Police Department and/or Communications Center and tow the motor vehicle to the City of Canton's Service Center located at 2436 - 30th Street N.E., for impoundment and storage or to such other location as may be directed by the Police Department and/or Communications Center. A map of the City of Canton's impound lot is included as Exhibit E. Tows which do not require impounding of the motor vehicle will be towed by the Agency to their location unless a different location is requested by the driver and/or owner of the motor vehicle. All charges due companies must be paid before the vehicle is released. An Agency responding to a call shall have thirty (30) minutes to respond to a call. In the event that an

Agency fails to respond within the thirty (30) minute time requirement, the City of Canton shall have the right to call the next agency in the call rotation. The Agency which failed to respond within the thirty (30) minute time requirement shall not be entitled to compensation. If an Agency is skipped as a result of this provision they will be added to the end of the tow list rotation.

5. For the purposes of this contract, the Agency shall not respond within the City of Canton for the purpose of towing vehicles unless called by an authorized employee from the Canton Police Department and/or Communications Center. The driver/owner of the motor vehicle may, if with the vehicle when the Police arrive, request any towing company to tow their vehicle if it is not being impounded.
6. The Director of Public Safety shall establish a Schedule of Rates which shall serve as the maximum rates allowed to be charged by the Agency for services covered by these specifications. This Schedule of Rates shall be subject to periodic review and revision by the Director of Public Safety in her sole discretion. This schedule of rates is attached as Exhibit B.
7. The City of Canton shall pay to the Agency on a monthly basis, upon the receipt from the Agency an invoice or invoices and in such form as shall be directed by the Director of Public Safety or her designee, for all towing services provided by the Agency in towing motor vehicles which have been impounded by the City of Canton. The City of Canton shall additionally pay to the Agency a "dead run" fee per the Schedule of Rates for all motor vehicles on which the Agency is dispatched if the vehicle has been released by the Police Department upon the arrival of the Agency at the towing location. **The City of Canton shall not pay ANY fees not listed in the "Schedule of Rates." (Example: City's financial status, late fees and/or interest.)**
8. The City will use its best efforts to dispatch Agencies on an equitable rotational system. In the event of a call from the City's Police Department and/or Communications Center to the Agency and the Agency is unavailable, refuses or is otherwise unable to immediately perform the requested towing service, the City may call the next Agency contained on the rotating list and the Agency which was initially called shall not be called again until the 2nd full rotation of the list of Agencies is completed. Continual or repeated unavailability, refusal or inability by an Agency to respond to a towing request may result in suspension or termination of the contract to tow for the City of Canton. The failure of the City, whether intentional or unintentional, to dispatch Agencies in accordance with the rotation system shall not provide a basis for a claim against the City.

Agency Requirements

1. The Agency shall meet and maintain the following conditions and requirements:
 - A. The Agency shall be available twenty-four (24) hours per day, seven (7) days per week and fifty-two (52) weeks per year on an immediate call basis.

The records shall include the total cost of each tow with a breakdown of the costs.

The Director of Public Safety or her designee reserves the right to inspect these records at any reasonable hour.
- J. Pilfering, stealing or removing of any items from vehicles under tow by the Agency, its agents or employees, shall constitute grounds for termination of the Contract; and violators shall be subject to criminal prosecution.
- K. The Agency shall maintain appropriate responsible personnel to fulfill the requirements of the contract. All agencies are required to submit to the City of

Canton a list of all tow drivers. This list must be updated as additional drivers are hired. Background checks will be completed, and anyone with an extensive criminal background, including but not limited to sexual assault, Felony I, II, or III, may be denied entrance to the impound lot at the discretion of the Director of Public Safety. Additionally, the Director of Public Safety reserves the right to deny a driver entrance to the impound lot at her discretion for reasons not mentioned herein.

The policies required under this section shall name the City of Canton **“AS AN ADDITIONALLY NAMED INSURED”** and shall contain an endorsement by the insurance carrier providing 90 days’ notice to both the City and insured in the event of any change in coverage under the policy. No less than 10 days advance notice of cancellation of the insurance policy shall be given to the City by the insurer. A copy of the foregoing policies shall be filed with the Director of Public Safety.

2. The Agency and/or tow truck driver will also be responsible for the following:
- A. The Agency and/or tow truck driver shall ensure that the bill indicates whether or not the vehicle has keys. **IF SO, THE VEHICLE IS TO BE LOCKED.**

 - E. The Agency and/or tow truck driver shall ensure that all vehicles towed to and placed within the confines of the impound lot are properly parked within their assigned spaces and all debris and parts are placed inside the vehicle.

Three days is the "per-se" standard and any other time is to be defined by the safety director and/or her designee.
3. No accident debris from vehicles shall be left on the ground of the impound lot. Failure to comply with this will result in forfeiture of towing fees by the contractor.

 5. The Agency must require that all of their Concealed Carry Weapon (CCW) carrying drivers notify the on scene officer that they are carrying a weapon. The weapon must be properly carried in a holster as covered by the CCW law.

The Agency must provide to the City of Canton a list of their drivers that possess CCW's and will be entering City or Government owned properties. Each of these drivers will then be reviewed by the City of Canton, and if approved, placed on a CCW approval list on file with the City of Canton.
