ADDENDUM #1

April 6, 2015

TO: PROSPECTIVE BIDDERS
RE: GP 1113 East Side Interceptor Sewer Relocation Project

Addendum #1 for bid opening scheduled for April 14, 2015.

ITEM REF #15 Fiberglass Reinforced Polymer Mortar Pipe for Sanitary Sewer

Current specs call for HOBAS Pipe USA, U.S. Composite Pipe South – Flowtite Pipe, or approved pipe meeting this spec.

The City wishes to change this:

Submit HOBAS Pipe USA as the base bid item.

Submit U.S. Composite Pipe South – Flowtite Pipe as an alternate bid.

Please substitute the attached revised bid sheets into your bid.

The City further wishes to clarify that Fresh Mark will accept clean excavated soils, from the trench, in a dump area on site. Fresh Mark will not accept disposed pipe, asphalt, unsuitable soils or other construction debris. However, Contractor may stockpile excavated material on site until the construction debris is sorted from the clean soils.

Please sign this Addendum No. 1 at the bottom of this page as proof of receipt. Attach this addendum to the inside front cover of your submission. The Director reserves the right to accept or disqualify the bid if you do not include this addendum.

Respectfully,

Steven L. Henderson
Construction Manager

TOTAL BASE BID \$ _____

For informational purposes only, total unit prices will govern.

Please enter your alternate bid in the table below. The City of Canton Board of Control will evaluate the bids for both the base bid and the alternate bid. The City will award the contract on the basis of the lowest and best bid which will be the base bid with selected alternate item(s). The Board of Control reserves the right to reject any and all bids and to award the bid deemed in the best interests of the City. Total bid price in the cost proposal shall be based upon the base bid items only. The alternate bid Item will be considered and Integrated into the base bid by the City as appropriate during the evaluation of bids.
