Request for Information Response 4:

Question: Has any approximate budget been determined for the design scope? I see press reporting that “\$200,000 needed for renderings” has been secured. Is this accurate, and if so, how does this number relate to the scope covered in this RFQ? Is this use of “renderings” in this case intended to include the overall Concept Design phase?

Answer: The city is in the process of securing approximately \$200,000.00 in various donations for the design phase. Any specific pricing, whether greater than or less than this number, will be negotiated with the selected vendor per the Ohio Revised Code Qualifications based selection process.
