Mr. Tom Seefried
Machine Sales Representative
Ohio CAT
4476 Applegrove Street NW
North Canton, Ohio 44720

Dear Mr. Seefried:

I would like to take this opportunity to thank you and your team at Ohio CAT for loaning the City of Canton the 908M Loader with fork extensions to help move and place bleachers over the past two weeks for the Hall of Fame Parade. This not only reduced the amount of Street Department personnel needed to move the bleachers (see the below photos), it also reduced the risk of excessive physical wear and tear on our personnel from repeated lifting of the bleachers.

We appreciate your assistance in making the Hall of Fame Parade, as well as the City of Canton, a first-rate experience for the citizens to enjoy. Thank you very much again for your partnership.

Sincerely,

Thomas M. Bernabei
Mayor, City of Canton Ohio
