Section V: Bid Specifications

1.0 SCOPE AND CLASSIFICATION

- 1.1 **Scope:** The City of Canton Street Department is seeking bids for the mowing of approximately 2,500 vacant/deserted lots within the City. The City may award multiple contracts including potentially primary and secondary contracts. Please note that contractors may be awarded multiple contract areas if they can demonstrate the ability handle the workload.
- 1.2 **Classification:** Successful bidders will be expected to mow various lots for the Street Department during the duration of this contract (April 1, 2016 through March 31, 2017) with the option of two (2) one-year extensions at the sole discretion of the City of Canton.

2.0 APPLICABLE PUBLICATIONS & STANDARDS

- 2.1 N/A

3.0 REQUIREMENTS

- 3.1 General Requirements and Overview

- 3.1.1 The City is seeking bids for contracts for the mowing of various vacant and deserted lots throughout the City. The lots will be various sizes, and most will be privately owned with structures present. That said, some lots may be vacant and/or City owned.
- 3.1.2 The City anticipates that there will be approximately 2,500 lots that will need to be mowed during the term of this contract. The City has been separated into four distinct “contract areas.”

The four award areas will be broken down as follows:

- Contract Area 1: Wards 1, 3 and 5
- Contract Area 2: Wards 6, 7, 8 and 9
- Contract Area 3: Ward 2 only
- Contract Area 4: Ward 4 only

The intent of this bid is to award primary and secondary contractors for these contract areas. Please note that contractors may be awarded multiple contract areas if it can be shown that they are able to handle the volume.

Lists of the lots mowed during the previous contract are included at the end of these specifications as Appendices B, C, D, and E (**Please note that these are for**

**Mowing of Vacant and Deserted Lots

estimation and informational purposes only and may not represent the actual lots to be mowed during the 2016 mowing season).

A City ward map is provided as Appendix A, and a more detailed version can also be downloaded from the City's website at <http://cantonohio.gov/council/pdf/wardmap.pdf>.

- 3.1.3 **Please note that the City makes no guaranty that any particular number of lots will need mowed throughout the mowing season. All lots to be mowed in accordance to contracts awarded pursuant to this bid will be on an as needed basis.**
- 3.1.4 Bidders are requested to bid fixed firm per lot mowing pricing in the spaces provided on the proposal page.
 - 3.1.4.1 The City will pay to the winning contractors the bid per lot price for the mowing of all lots up to one (1) acre in size regardless of the lot size and conditions.
 - 3.1.4.2 When the City requests that a lot greater than one (1) acre in size be mowed, it will pay the contractor as if two (2) lots were mowed as long as the size of the area actually mowed is greater than one (1) acre in size. For example, a two (2) acre lot that is 75% covered by woods will be charged the standard per lot price for one (1) lot since only half an acre of mowing would be needed.
 - 3.1.4.3 Bidders have the option to bid pricing for two (2) potential one-year contract extensions that may be exercised at the sole discretion of the City of Canton. This is not required, and the award will be based on the base bid for the initial term.
- 3.1.5 All work must meet the minimum specifications listed herein.
- 3.1.6 Contract Term
 - 3.1.6.1 Awarded contracts shall be in effect from April 1, 2016 to March 31, 2017.
 - 3.1.6.2 If pricing is bid for the potential extensions. The City of Canton has the option at its sole discretion to exercise said extensions with the bidders awarded contracts.
 - 3.1.6.3 All extensions will be for the initial contract area awarded.

Mowing of Vacant and Deserted Lots Street Department

- 3.1.6.4 The City of Canton reserves the right to exercise an extension with one contractor and re-bid the remaining contract areas if it feels that it is in the best interest of the City.

- 3.1.7 Non-Exclusivity: The City of Canton reserves the right to contract for the same or similar items covered in this bid from additional vendors not awarded contracts resulting from this bid if found to be in the best interest of the City.

- 3.2 Mowing Procedures
 - 3.2.1 Standard Mowing Packets
 - 3.2.1.1 Each primary contractor will receive a packet of lots to be mowed for each awarded contract area.
 - 3.2.1.2 The contractor will have thirty (30) calendar days to mow each lot in the contract area packet.
 - 3.2.1.3 It is the goal of the City to have each lot mowed two times during the mowing season, but it reserves the right to request greater or fewer mows. The primary contractors will get mowing packets for each “round” of mowing per specification 3.2.1.1 and will be required to complete all mows in accordance to specification 3.2.1.2.
 - 3.2.1.4 All contractors will be required to have at least two (2) mowing crews designated for each awarded contract area working at least five (5) days per week until all mows in the contract area packet are complete. Each mowing crew must consist of at least two (2) workers. The City prefers that each crew consists of three (3) workers.
 - 3.2.2 Emergency Mows
 - 3.2.2.1 There will be instances when the City needs lots mowed on an emergency basis.
 - 3.2.2.2 When requested, an emergency mow must be completed within forty-eight (48) hours of the request.
 - 3.2.2.3 Emergency mows may or may not include lots from the standard mowing packets.
 - 3.2.3 Beautify Our Neighborhood (BAN) Days
 - 3.2.3.1 From time to time throughout the mowing season, the City, wards, neighborhood associations, etc. will hold BAN Days to clean and beautify an area within the City.

Mowing of Vacant and Deserted Lots Street Department

- 3.2.3.2 Contractors awarded primary contracts will be expected to have one (1) crew (as defined in specification 3.2.1.4) available for mowing on these days.
- 3.2.3.3 The City will provide a calendar of these days to primary contractors before the start of the mowing season.
- 3.2.4 No contractor shall mow any lots without first being directed to do so by the Street Department. The City will not pay for unauthorized mows.
- 3.2.5 Secondary Contracts
 - 3.2.5.1 It is fully expected that the primary contractors will be able to complete all mowing requests. If for some reason this is not possible, the contractor should alert the Street Department, and it will request mowing services from the secondary contract holders (if awarded) as needed. If a primary contractor is unable to complete a request as outlined above an explanation must be given to the City.
 - 3.2.5.2 Unless otherwise directed by the Street Department, mows given to a secondary contractor will be treated as emergency mows pursuant to section 3.2.2.
 - 3.2.5.3 If a contract with a primary contract holder is cancelled pursuant to specification 3.7, the City of Canton may award primary contracts to the secondary contractors.
- 3.2.6 If there are any questions in regards to the location and/or dimensions of a lot requested to be mowed, the contractor should contact the Street Department for clarification before mowing.
- 3.2.7 Each contractor must submit to the Street Department on a weekly basis which lots have been mowed.
- 3.2.8 If a contractor arrives at a lot and it has been mowed, the Street Department must be immediately contacted for further instructions. If it is determined that a lot should not be mowed, the contractor will still be paid for going to the lot as if it had been mowed. Lots that are being cared for will be removed from the mowing list at the discretion of the Street Department. If a contractor is sent to a mowed lot multiple times due to the contractor failing to notify the Street Department that the lot has been mowed, payment will not be made for these additional trips.
- 3.2.9 City employees will periodically visit the lots to be mowed to determine if requested mowing has been completed within the required time frame. If it has not, the City reserves the right to refuse payment until said mowing is completed,

Mowing of Vacant and Deserted Lots Street Department

request mowing from a secondary contractor (if awarded), or complete said mowing itself.

3.3 Mowing Requirements

3.3.1 The required mowing will include varying degrees of high weeds, high grass, underbrush, and scrub growth on varying types of terrain.

3.3.2 Each contractor will be responsible for the cleanup of any litter or debris on a lot prior to mowing. Said litter or debris must be disposed of in a lawful manner. This includes the removal and disposal of tree limbs and/or branches.

3.3.2.1 If a contractor believes that there is excessive litter or debris on a lot that is beyond what they are able to remove, they shall immediately notify the Street Department and mow around the excessive debris to the best of their ability.

3.3.3 Each contractor will be required to remove all cuttings, grasses, etc. from adjacent hard paved surfaces (streets, driveways, sidewalks, etc.) or properties by broom, sweeping or blower when necessary. This includes the removal and disposal of tree limbs and/or branches.

3.3.4 A “mow” or “cut” shall be defined as the final result of reducing grass, weeds, and vegetation to a height of no greater than 2-1/2 inches regardless of the number of passes it takes to achieve the required height. A “mowing” or “cut” shall also include trimming around any structures, signs, trees, poles, guy wires, hydrants, posts, or any other items of a permanent nature that are located on the lot. Furthermore, a “mowing” or “cut” shall include the areas in the right of way or lawn strip areas.

3.3.4.1 All items on the property of a temporary nature that can be easily moved shall be moved in order to complete the mowing. Such items shall then be returned to the manner in which they were found. The City of Canton will not be responsible for damage done to these items.

3.3.4.2 All items of a more permanent nature, for example swing sets, shall be left in place and mowed around. If a question arises as to whether or not an item should be moved, contractors shall immediately contact the Street Department for direction.

3.3.4.3 If a property, or any portion of a property, is not accessible due to fencing, locks, etc., the contractor shall immediately contact the Street Department to advise them of such. Under no circumstances should the contractor remove the fence or lock in order to access the area.

**Mowing of Vacant and Deserted Lots

- 3.3.5 All work shall be conducted during the hours of 8:00 AM and 8:00 PM.
- 3.4 Other Contractor Requirements
- 3.4.1 Successful bidders will be required to provide all labor, tools, equipment, materials, incidentals, and appurtenances necessary to complete the work to the City's specifications and satisfaction. This includes owning and maintaining all equipment necessary to mow high grass and weeds on rough terrain.
- 3.4.2 All mowing equipment shall display proper safety markings and lighting and shall have in place all safety guards, shields, and protective covers.
- 3.4.3 The successful bidder shall require its employees to wear at all times: reflective safety vests, headgear, ear/eye protection, and all appropriate safety belts and/or harnesses.
- 3.4.4 All contractors must assume full responsibility for their work and take all precautions for preventing injuries to persons and damage to all properties on or adjacent to the work sites. The City shall be held harmless for personal injuries to the contractor's employees, the public at large, and any and all property damage including but not limited to damage to property on the work site and/or the contractor's vehicles, equipment, and incidentals regardless of whether or not this damage is a result of any litter, trash, debris, terrain, weather, or any other condition at the work sites.
- 3.4.5 The contractor will be notified regarding completed sites not meeting these specifications. In such event, the contractor(s) will be expected to correct the issue(s) at no cost to the City. The City reserves the right to withhold payment when such incidents occur until the issue is remedied. It will be the responsibility of the contractor(s) to notify the City when any such issue has been corrected. Furthermore, this corrective action must be taken within 48 hours' notice of said issue. If this does not occur, the City may withhold payment for the impacted site.
- 3.4.6 Falsification or misrepresentation of a site as "mowed" or "cut" when the work has not been completed will be dealt with in a legally provided manner.
- 3.4.7 Should a contractor be requested by a property owner, or person(s) claiming to be the property owner of any work site, to cease mowing, the contractor shall do so immediately and vacate the work site. Under no circumstances should a contractor continue working or remain on a property if such issues arise. The Street Department must then be notified for further instructions.

- 3.4.10 Bidders are requested to provide a list of five (5) references for companies/agencies for whom they have completed similar work with their bid. If possible, this should include **other municipalities** for which similar work has been completed. These references must include the company/agency name, company/agency address, name of contact, and phone number and/or email address for said contact person.
